

## Promoting thinking and talking in primary science

The course will be led by Primary Science Assessment expert Nicola Beverley

RC116 – G01

**Start date:** Tuesday 18 June 2019  
**Duration:** 1 Day - 09:30 to 15:30  
**Location:** Hugglescote Community Primary School  
Ashburton Road  
Hugglescote, Coalville  
LE67 2HA

**Activity fee:**  
State funded school £175.00+VAT  
Fee paying school £225.00+VAT

### About this course

Consider the key elements of thinking, talking and communicating in science and develop these skills to create an effective learning environment in your classroom

### Summary

Children must be given extended opportunities to talk about their investigations, to experience the excitement of discovery and to develop higher level thinking skills.

During this course you will take part in activities that will develop these skills and create an effective learning environment. Your pupils will make progress in their science learning through a range of communication strategies.

### Outcomes

You will be able to:

- use a range of science-based strategies to develop children's thinking skills
- develop children's collaborative working in science
