These efficient termly twilight meetings have been running successfully for over 13 years and are well attended by Leicestershire SENCos who value them as an opportunity to keep up to date with national and local developments related to SEN/D and share good practice.

The meetings are organised, planned and facilitated by Kate Browning who draws up the agenda, presents updates, invites relevant agencies, produces succinct briefing notes and guidance materials, answers queries related to issues arising and follows up on requests for information and support from attendees.
